January 1, 1961

To the Honorable, the Mayor and City Council,
City of Boston,
Boston, Massachusetts.

Gentlemen:

In compliance with the provisions of chapter 3, section 24, and chapter 6, section 8, of the Revised Ordinances of 1947, I here-with submit my report of the receipts and expenditures of the City of Boston and County of Suffolk for the year commenced January 1, 1960 and ended December 31, 1960, together with miscellaneous tables and statistics.

Cash Operations

The accounts and records for the year 1960 indicate that the operating surplus for the year was \$3,971,893.92. This result brought about by these factors: actual receipts exceeded tax levy estimates by \$3,052,532.87; unexpended appropriation balances amounted to \$610,647.58; and the appropriation in the 1960 tax levy for overlay deficits amounted to \$308,713.47.

The accumulated operating deficit as of December 31, 1959 was \$2,879,338.03. After application of the accumulated operating surplus for 1960 and adjustments in the excess and deficiency account, the accumulated operating surplus as of December 31, 1960 was \$1,056,002.46.

During the year it was necessary to issue short-term loans in anticipation of revenue in the amount of \$45,000,000.00. All of these loans were repaid by November 2, 1960, and there was no short-term debt outstanding at the close of the fiscal year.

Legislation was proposed and enacted as chapter 253, Acts of 1960, "An Act Providing for the Temporary Investment of Certain Revenues of Cities, Towns and Districts", which authorized the investment of cash not immediately needed for current operations in United States Treasury Bills. In November, 1960, after repayment of all short-term debt issued in anticipation of revenue and the interest

thereon, the sum of \$21,536,834.31 of general revenue funds was invested as authorized by the legislation referred to. The total on this investment was \$73,568.47.

Debt Operations

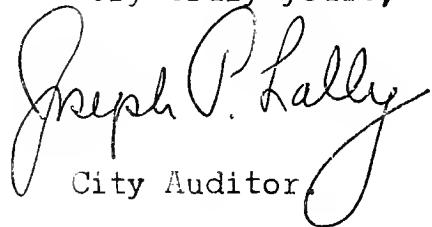

During 1960, the gross funded debt was reduced by \$5,704,000.00 and the net funded debt was reduced by \$2,397,067.53. Debt was issued in the amount of \$6,200,000.00 and the redemption of debt amounted to \$11,904,000.00. All of the debt issued was general obligation debt. The redemption of general obligation debt was \$9,404,000.00 and the redemption of sinking fund debt was \$2,500,000.00.

Conclusion

During the fiscal year 1960, all known obligations of the city were either paid in full or adequate reserves were established to provide for eventual payment. All funded and short-term debt obligations were paid when due. Interest payments on all forms of outstanding debt were promptly made.

I acknowledge with grateful appreciation the assistance and cooperation of all who have participated in the preparation of this report.

Very truly yours,

Joseph P. Lally
City Auditor
